R. E. A. Gets Loan Approval

The Southside Electric Cooperative with main offices in Crewe, Virginia, has recently received approval of a $950,000.00 loan from the Rural Electrification Administration to continue its expansion program and to improve the quality of service to its present consumers. This loan was made for a period of 35 years to be paid back at 2% interest.

The money will be used to build to 1,000 new consumers, to improve the service to approximately 1,400 consumers in the Cooperative service area, and for substation improvements where necessary. All this money will be used in the next 18 to 24 months.

The Southside Electric Cooperative, Inc., is an electric power distribution system serving more than 15,000 consumers in 17 counties in Southside Virginia. The Cooperative is owned by those it serves and its entire operation is governed by a Board of Directors who are members in good standing and who are elected by the member owners of the organization. The Board members receive no pay for the services they render to the organization. The Board hires a Manager to carry out the policies that they set up, and the manager in turn hires the necessary personnel to carry on the operations of the business.

Nearly ten million dollars has been borrowed by the Southside Electric Cooperative over the past 20 years to finance the building of the largest electric Cooperative in the state of Virginia. These loans were made by the R. E. A. to be paid back in 35 years at 2% interest. Some of the first loans made to the Cooperative are in the advance stages of repayment and some of the recent loans are beginning to become due. However, the Cooperative has met all of its obligations on time and at present is ahead of the repayment schedule.

Neuritis

There are patients suffering from aches and pains in various parts of their bodies. A careful examination often reveals the fact that the trouble is not rheumatism at all, but some form of neuritis. The next step is to find out what is causing the trouble and if possible to remove it.

Now what is neuritis? It is an inflammation of the nerves. The nerves run from the brain or spinal cord all over the body. Every tissue of the body is supplied with nerves. They are the electric wires that carry the current to every part of the human system.

For instance, if your finger touches something either too hot or too cold, the little tactile nerves in the skin immediately telegraph the message to the brain and the finger is immediately withdrawn.

If the sensory nerves were paralyzed they would have no feeling and couldn't be able to warn the brain of danger. The finger on the hot stove could easily burn off because the brain received no message of warning.

There are two kinds of nerves in the body. Those causing sensations are sensory, and those that produce movement are motor. In addition, there are nerve fibers that supply the sweat glands and others supply the blood vessels and control them.

Most nerves contain a mixture of the fibers. The symptoms of neuritis are a mixture of pain, loss of sensitivity in the skin, tenderness, weakness of the muscles and often wasting. The circulation in the parts is often impaired.

In some cases of neuritis, the pain is localized as only a small group of nerves is affected. It is an involvement of nerves over wide areas of the body.

Local neuritis may occur in any part of the body and may be due to exposure of a particular area to cold, wind, or rain.

A foot or an arm that is subjected to pressure for a long period of time sometimes becomes paralyzed. Poisons of various kind may produce neuritis, very often of a multiple type.

Probably the most common cause of multiple neuritis is alcohol. We often see cases in which steady but fairly moderate drinkers are affected in this way. They suffer from numbness and prickling in legs and arms. Sometimes they have wrist or toe drop. Alcohol destroys manys of the vitamins of the body.

Young Farmers Club Meeting

At the Tuesday night program, the Appomattox Young Farmers Club studied the A. C. P. (Agricultural Conservation Program) and the new Soil Bank Program. W. Lewis Motley led the discussion on the A. C. P. program, and J. N. Jennings, office manager for the A. C. P. in this county, led the discussion on the Soil Bank Program.

It was pointed out that the A. C. P. program is an entirely voluntary program so far as the farmer is concerned. It is a program set up by the Federal Government to help the farmer pay for the establishment of good conservation practices on his farm. The A. C. P. will pay approximately one-half the cost of most of the practices which are approved by the State and County committees. Help may be received on many practices such as: establishing permanent vegetative cover, establishing additional rotation cover (including alfalfa), liming farmland, establishing contour stripping, forest establishment, and others.

To receive help on any of the practices the farmer must follow a certain procedure. The first step is to apply to the county committee for approval of the desired practice. After the committee approves the practice, the farmer carries it out and reports its completion back to the A. C. P. committee. Shortly thereafter, he will receive a check for the Federal share of the cost of that practice. Both the A. C. P. Program and the Soil Bank Program are conducted through the office of J. N. Jennings, Appomattox A. C. P. Office Manager.

Previous to the Tuesday night meeting, the Program of Work Committee of the Young Farmers met. This committee is made up of Bill Williamson, Paul Wilson, and Floyd Fleshman, Jr. Ray Page, club president, presided at this meeting.

QUESTIONS OF THE WEEK

(Editor's note: Here are the questions asked most frequently by Virginia farmers during the past week as reported by county agents. Answers are supplied by staff members of the VPI Agricultural Extension Service and/or Experiment Station.)

Q.- How soon can I plant oats since I did not get them in this fall?

A. Use a winter variety and plant as soon in February up to about March 15 as you can get on the land. Ask your county agent, or write the VPI Agricultural Extension Service, Blacksburg, for a free copy of Circular 502, "Growing Small Grains."

Q.- What can we do to improve the water supply situation?

A.- Put into effect all water conservation measures possible on your farm. Consider some system of water storage. And pray for rain.

Q.- What variety of flue-cured tobacco should I plant this year.

A.- This will depend on many factors. To help you decide, see "Virginia Flue-Cured Variety Guide for 1957," now available in county agent's offices, and from the VPI Agricultural Extension Service at Blacksburg.

Q.- Will the burley tobacco allotment be changed this year?

A.- The decision has not been announced yet, but all indications are that the allotment will remain the same.

Q.- In areas where the alfalfa weevil caused damage last year, can I control the weevil this year if I seed alfalfa with one bushel of oats and cut oats for hay?

A.- No. Use of insecticides, and following recommended crop management practices, are recommended to control the weevil.

Q.- What can I do to boost income and offset the cut in flue-cured tobacco allotment?

A. Be sure you are getting a maximum yield and per acre value on the allotment you do have. If your farm is large enough, you might consider some other farm enterprise. If your farm is too small for alternate enterprises, better think about off-farm employment.

Q.- What can you tell me about Turkish tobacco?

A.- Interest in Turkish, or aromatic, tobacco is increasing in Virginia. If you are interested, ask your county agent or write the VPI Extension Service for a free copy of Circular 204. However, farmers are not being encouraged to grow aromatic tobacco except in certain areas of Virginia.

Letter To The Editor

Editor, Times-Virginian:

I would like to have clarified for the benefit of the tax payers of the county who do not understand, just what taxes are due as of May 1st. The only tax due and payable by May 1st is State Income Tax. This change was made during the last session of the General Assembly at Richmond.

The Board of Supervisors of the County had nothing to do with this change. Therefore, the County Taxes on personal property and real estate will not be due until December 5th, which is the same time that they have been due in the past.

Sincerely,

O. W. Martin, Jr.

Supervisor of Stonewall District.

P. S. I think Mr. O'Brien has made it very plain in his notice regarding this change, but there is still much confusion and misunderstanding among many people in the County, so I would appreciate if you would print this in your next issue of The Times-Virginian.

In FASHION Now

The Hudson Bay blanket coat is back again. It is not always in its traditional red and black, double-breasted look. The newest version is single-breasted with Italian collar, and unlined removable hood. The ground is white with rainbow stripes of yellow, green, and red. The his and her jackets are popular with the college set.

Hoods are not new. However, new this year is the fact that hoods will be in many more items of sportswear and evening wear. One of the most popular types will be the zipper hood. Unzipped the hood becomes a scalloped, cape-like collar. Zipped up it forms a comfortable covering for the head. Many hoods have drawstrings that can be pulled to make an excellent bad-weather head protection.

Hoods have not made much of an impression on the American have long been a favorite with European winter sportsmen. Much of the cold weather sportswear for men this season will be equipped with hoods. Toggle closure, another detail accepted by European sportsmen, is getting its first serious try-out here.

Many items of sportswear for American men and women will be fashioned of water repellent wool fleece. Railroad stitching decorates pockets and jacket bottoms.

Loden cloth coats and St. Mary's wool fleece coats are in demand for all kinds of sports wear. These two fabrics are often treated to be water repellent. The cost is a little higher but it is worth it in comfort as well as being able to double for rain coats.

Tailored suits are attractive fashioned from Loden cloth. They take hard wear and weather in their stride, a point that makes them perfect for school and college.

The Senate, by a vote of 55 to 38, killed a motion to curb filabusters.

Subscription rate: $2.00 a year.

Oklahoma, the 1956 collegiate football kingpin, led the nation in total offense, rushing and scoring according to tabulations of the National Collegiate Athletic Association service bureau.

14 Has Perfect Attendance For December

There were 314 pupils in Appomattox Elementary School who had perfect attendance for December.

Mrs. Harriette Cunningham and Mrs. Lou C. Rogers had the highest attendance. Twenty-five pupils were present in each room.

The list, by rooms:

Seventh Grade, Mrs. Kathleen D. Lawrence Beard, Clyde Willie Hicks, Marvin House, King, Byron Lovell, Robert David Repass, Peggy Baldwin, Carolyn Carter, Joy Davidson, Fitzgerald, Mae Franklin, Jo Harvey, Nancy Lewis, Mayberry, Mary Catherine Lovell, Joyce Moon, Catherine Randson, Betty Lou Scruggs, Staten, Sandra Trent.

Seventh Grade, Mrs. Jean A. sons: Carlton Collins, Calvin Watson, Nelson Fields, Dicky Willard Johnson, Clyde Mayberry, Ronald Sides, J. W. Sides, Helen Almond, Almond, Nancy Chandler, Carole Hunt, Joyce Inge, Patsy Jamerson, Peggy Lewis, Dianne McCoy, Betty Mann, Kitty Lou Morrison, Judy Thompson.

Sixth Grade, Mrs. Wilkins: Blaine Carter, Freddie Carter, Allen Cousins, H. Jamerson, James Kerr, Ralph Mayberry, Glenn McIntosh, Marie Mayberry, Eilaree McGehee, Jacqueline Sarver, Rachel Sides, Betty Watson, Florence Watkins Woody, Lynda Bastien.

Sixth Grade, Mrs. Ola S. Furgurson, Bill Allen Burke, Aubrey Dodd, Robert Goin, Steve Godsey, Moore, Allen Lee Mayberry, Moon, James Whitehead, Watkins Booth, Marlene Barrow, Hazel Campbell, Carson Crawford, Maggie Ferguson, Hazel Sides, Betty Goin, Juanita Hicks, Mann, Mary Lee Mayberry, Thomas.

Sixth Grade, Mrs. Ethel Evans: Adkins Abbitt, Kyle Almond, Donald Giles, Freddie Grisham, Wayne Hall, Thomas Pankey, Randolph Smith, Barbara Carter, Patricia Cheatham, Judy Cocks, Mary Ann Franklin, Gilbert, Betty Hash, Katherine Mary Ann Mann, Phyllis Mayberry, Joan Moses, Mary Eric Wilkins.

Fifth Grade, Mrs. Harriette Cunningham: Donald Brown, Earl Day, Evans, John Gillette, Joe Leprise. If your farm is too small Charles Martin, Fred Mayfor alternate enterprises, better Douglas Mitchell, Michael Elmer Phelps, Wayne Richardson, Herbert Pulliam, Joe Terry Torrence, Donald Notes, Kathryn Bragg, Priscilla Carolyn Coleman, Joyce Edmonds, Alice Evans, Carolyn Keys, Mayberry, Doris McIntosh, Phelps, Jane Wilson.

Fifth Grade, Mrs. Parris: Butch Harold Carter, Wayne Ferguson, Wendell Maddox, Cecil David Reid, Lewis Sharp, Smith, T. C. Torrence, Dan Wright, Linda Carter, Gloria Barbara Gaines, Ann Godsey, Stanley, Kathryn Taylor, Paula Thompson, Sue Giles.

Fourth Grade, Mrs. Thelma W. Haven Fields, Kenneth Ferguson, Grey Hesson, Claude Richardson, Freddie Thomas, Katherine Burell, Joan Ferguson, Mary Holland, Marjie Johnson, Catherine Mann, Lois Mays, Pankey, Cynthia Richard-

Moore, Peggy Morris, Carolyn Nash.

First Grade, Miss Pereza Coleman: Jimmy Beamer, Rex Gallier, Clyde Harvey, James Johnson, Larry Johnson, Monte Wade Mays, Charles Maxwell, John Richardson, Alfred Wallace, John Ayers, Martha Cordell, Pamela Ferguson, Joyce Goin, Gloria Mayberry, Alice Mays, Carolyn Steppe.

First Grade, Mrs. Edith Gregory: Michael George, W. B. Gilliam, Jr., Ronald Harris, Michael Seay, Joe Watson, Donald Williams, Shirley Cheatham, Dianne Doss, Judy Goodrich, Suzanne Guill, Louise Wheeler.

Fourth Grade, Miss Nola Burkey: Kenneth Baldwin, Louis Fields, Ray Hollingsworth, Ray Lewis, Michael Mann, Clem O'Brien, Eugene Phelps, Wilfred Rogers, George Scruggs, Ashby Wright, Susan Burke, Jean Cole, Hazel Fitzgerald, Donna Guill, Mary Elizabeth King, Alice Moore, Susan Nell O'Brien, Mamie Painter, Anita Richardson, Darlene Sides, Judy Smith, Vicki Smith, Mary Yancey Spencer, Brenda Williamson.

Third Grade: Mrs. Mildred Burkey: Bernard Bryant, Barry Drew, Carroll Goodrich, Billy Guthrie, Jerry Justice, Earl Martin, Delly O'Brien, Donald Pugh, Charles Wilson, Kenneth Wilkins, Rinne Abbitt, Betty Jean Anderson, Nancy Cheatham, Cassie Campbell, Carolyn Gaines, Lynda Hall, Marion Inge, Charlotte Lawson, Jane Patteson, Brenda Robertson, Gale Robertson.

Third Grade, Miss Delia Inge: Carolyn Carter, Vonne Boice, Linda Richardson, Gene Wright, Nancy Cole, Faye Fuller, Susan Ruth Jennings, Elaine Notestein, Sandra Harvey, Helen Hollingsworth, Kathleen Flynn, Joyce Ann Webb, Freddie Godsey, Thomas Patteson, Danny Hernall, Sammye Carter, Charles Doss, Maxwell, Irie Mays, Pat Mayberry Charlie Blackwell, Lawrence Byers, Scottie Morris, Arnold Phelps.

Second and Third Grades, Mrs. Sallie Martin: Kenneth Coleman, Tommy Elliott, Walton Pankey, James Shirey, Michael Torrence, Brenda Carter, Joyce Carter, Berta Mays, Delores Wooten, Norman Booth, Randall Ferguson, Johnnie Johnson, Warren Mays, Wanda Kay Carter, Margaret Fitzgerald, Helen Garrett, Linda McIntosh.

Second Grade, Miss Myrtle Smith: George Almond, Dale Ferguson, Ray Johnson, John Lewis, Daniel Mabley, Donald Ray Martin, William Mayberry, Clarence Smith, David Torrence, Joel Watson, Nancy Pat Baldwin, Donna Gail Conner, Nadine Grisham, Judith Haley, Elizabeth Harris, Judy Anne McKinney, Yvonne Nash, Eugene Pugh.

Second Grade, Mrs. Lou C. Rogers: Roy Byers, Dennis Flynn, Alvin Franklin, Claude Gahlier, David Hamilton, Robert Holt, Dale Mabley, Roger Mayberry, Robert McKinney, Calvin O'Brien, Fred Richardson, James Smith, Evan Thompson, Robert Trent, Michael Wallace, Harry Williams, Faye Conner, Elaine Ferguson, Julia Ann Guill, Mary Lou Martin, Patricia McFadden, Margaret Moore, Phyllis

Sarah Anne's COOKING CLASS

The quick basic breakfast of fruit, cereal, bread and butter, contribute from one-third of the day's food values at breakfast. So that when you serve it you are not only sure that the food will be delicious but that it represents a truly nutrition-worthy morning meal, that will send your family to work or school well fed. But once in a while surprise your family with something a little special.

Baked Eggs and Wheat Flakes

3 cups wheat flakes
1-2 cup grated American cheese
4 eggs
Salt and pepper
1-4 cup top milk

Combine wheat flakes and cheese. Arrange in 4 shallow individual baking dishes. Break egg into each baking dish on wheat flakes, sprinkle with salt and pepper. Pour 1 tablespoon top milk on each. Bake in an oven 350 degrees about 15 minutes. Serve hot.

Apple Pancakes

1 cup sifted flour
2 1-2 teaspoons baking powder
3-4 teaspoon salt
1 tablespoon sugar
1 egg
1 1-2 cups slightly crushed corn flakes
3 tablespoons melted fat
Apple.

Sift together flour, baking powder, salt and sugar. Combine well beaten egg and milk; add gradually to dry ingredients. Stir only until smooth. Add corn flakes; slightly cooled fat and apples. Blend and bake on hot, slightly greased griddle. Serve at once with syrup, honey or jelly.

Creamed Dried Beef

1-4 pound dried beef
1-4 cup margarine
3 tablespoons flour
2 cups milk
1 teaspoon bottled thick meat sauce.

Tear dried beef into medium pieces. If it tastes salty, place in strainer and let hot water run through it. Drain well. Melt butter in top of double boiler over direct heat. Add dried beef, cook until edges curl. Add flour, stirring until blended. Then place top of the double boiler over boiling water. Add milk gradually. Cook, stirring until smooth and thickened, then add meat sauce.

Scrambled Eggs With Cheese

2 tablespoons margarine
6 eggs
1-2 teaspoon salt
Pepper
1-2 cup milk
1-3 cup grated American cheese
2 tablespoons minced parsley

Melt butter in top of double boiler. Beat eggs, add salt, pepper, milk; beat. Add cheese and parsley. Pour into double boiler and cook until thick and creamy, occasionally scraping egg from bottom and sides of pan as it sets.

French Toast

3 eggs
1-2 teaspoon salt
2 tablespoons sugar
1 cup milk
6 slices stale bread

Beat eggs slightly, add salt, sugar and milk. Strain into a shallow dish. Soak bread in mixture until soft. Cook on hot, well greased griddle or frying pan. Brown on one side, turn and brown on other side. Serve with jam or marmalade.

Hashed Brown Potatoes

2 cups cubed raw potatoes
3 tablespoons fat
1 teaspoon salt
Pepper
Minced parsley, onion juice

Melt fat, add potatoes and seasonings. Cook until tender. Stir and lift from the bottom, so that potatoes will not stick. Add more fat as needed. When tender, brown on bottom, turn into serving dish like an omelet.

RECORD HIGHWAY TOLL

The 1956 traffic accident death toll in the United States was estimated by the National Safety Council at a record total of 40,200. The previous high of 39,969 was established in 1941. The 1956 figure, as announced, was based on actual reports for eleven months and an estimate for the twelfth month.

NEW BOOK IN THE COUNTY LIBRARY

This Hallowed Ground, by Bruce Catton.

This is the story of the Civil War as seen from the Union side. Only Bruce Catton, with his magnificant feeling for the human aspects of history and his ability to translate historical facts into absorbing narrative, could have written this brilliant and stirring book. And for the first time, Mr. Catton has written a book that deals with the entire scope of the war—from the months of unrest and hysteria that led to Fort Sumter to the days of tragedy and hope that followed Appomattox. Mr. Catton is also the author of A Stillness At Appomattox.

Chevrolet shows you some important differences in low-priced cars just by

the look on its face!

Wouldn't you say that most of the '57 cars look good from 50 *feet* away, but what about from 50 *inches* away?

What does a close-up of the grille tell you, for example? Is it solidly made like the new Chevrolet grille? Or, in comparison does it look less rich in design—feel less strong and solid? Compare the quality and construction of the bumpers and headlights, the fit of the chrome trim.

The more closely you look all around the car, the more clearly you'll see that Chevrolet has the edge in the way it's put together. You'll find, for instance, that Chevrolet is the only car in its field with a *lacquer* finish . . . that only Chevrolet Bel Air models give you foam rubber cushions in front and rear seats as standard equipment. These are just a few of the advantages of Body by Fisher. And Chevrolet, you know, is the only low-priced car that has a Fisher Body.

We'll be glad to give you a close-up, comparative look at this new Chevy any time you care to come in. This week, maybe?
